- Working Effectively with Japanese—cultural training for Americans working with Japanese.
- Book Club—Fun, easy language learning for non-native speakers of English.
- Introductory Japanese classes—for recreational purposes and business.

New programs we would like to implement in the upcoming year.

- Home tutoring—helping Japanese students make the transition to American schools.
- English language—for business and individuals.
- Continued Outreach—expand and develop current program.

Please contribute to furthering global education by participating or sponsoring this year's outing.
